C.J.'s Court

Civil Writ Petition No. 482(M/B) of 2002

Vinay Shankar ..... Petitioner

V/s

V.C., G.B. Pant University of Agriculture and Technology and others ..... Respondents

Hon. A.A. Desai, C.J.
Hon. Irshad Hussain, J.

Sri Navneet Kaushik, learned counsel for the petitioner and Sri Rajendra Dobhal, learned counsel for the respondents appeared.

The petitioner has passed B.Sc.(Hon.) in Botany. He has applied for post graduate degree in Micro-biology in the respondent University. The admission was denied to him on the ground that he has not obtained desired percentage. The petitioner has, therefore, challenged the decision.

Heard the matter.

According to the learned counsel for the petitioner, the percentage required to be taken into account for admission is the percentage in a particular subject i.e. Botany. However, the University has calculated marks in allied subjects, which is wrong.

Apart from this debate, it is noticed during the course of argument that the University has prescribed Micro-biology as a discipline at graduate level. As such, the student is eligible to get admission in Micro-biology in P.G. level having the same discipline at the graduate level. Since the petitioner has obtained the degree in Botany, denial of admission to him in Micro-biology has not resulted in any manifest injustice. We, therefore, do not propose to entertain the petition.

The petition is dismissed accordingly.

(P.C. Verma, J.)
